RCE SUPPLEMENTARY RESPONSE

APR 29 2004

Sir:

Technology Center 2100

This Response accompanies the present Request for Continued Examination (RCE) and is submitted in response to the Office Action dated October 22, 2003, and to the Advisory Action dated March 15, 2004. The Advisory Action stated that insufficient evidence was submitted in support of the affidavit submitted with the Response dated February 24, 2004. The Applicants wish to point out that the printed code provided in the specification clearly identifies the code as being created on March 1, 1995 (see col. 35 of US Patent No. 5,708,780, of which this application is a continuation application). This predates the prior art date of at least the *Callege* references cited in the Office Action. To supplement the specification, an additional 37 C.R.R § 1.131 affidavit will be filed in due course.

For at least these reasons, the Applicants submit that the present application is patentable over the prior art, and an early notice of allowance is earnestly requested.

Respectfully submitted,

BELL BOYD & LLOYD LLC
